Proceedings of the Government of His Highness
the Maharaja of Mysore

Exhibit No. 429 of 13/1/1
Filed by Mr. V. Krishna
on 16-11-17 Exs. B.H.
Registrar

Read,

Government Order No. 3363-4/F.7.13-1900 dated the 25th October 1900, sanctioning the grant of 13 acres and 14 guntas of wet land in the Baragoor village of the Malur Taluk, in exchange for 22 acres and 10 guntas of wet land of the Jodi Pura village, submerged [redacted] tion of the Lakkur tank.

2. Letter No. 2645 dated the 17th September 1904 from the Revenue Commissioner in Mysore, soliciting orders as to (1) how the lands granted in exchange should be treated — whether as minor inams or as forming part of the Jodi village, (2) what compensation should be paid to the Jodidars for the loss of crop they sustained until lands in exchange were given to them and (3) what amount of Jodi should be imposed on the latter.

Order

Order thereon. No. R. 6800-2/LR. 197-04-2

Dated 18th February 1905.

In consequence of the restoration of the Lakhina tank in the Malur Taluk in the year 1889-90, 22 acres and 10 guntas of wet land in the Jodi Pura village became liable to submersion. The Jodidars did not consent to receive compensation in cash for their lands submerged, and Government after due enquiry sanctioned in 1900-1901 the grant of the marginal wet lands in the Baragur village, in exchange for those submerged. Thus from the year 1889-90 to 1899-1900, the Jodidars were without any lands. But from 1895-96 to 1899-1900, they were allowed to enjoy some other lands temporarily as noted on the margin. For these lands they have paid assessment for the first four years amounting to Rs. 360-3-0 (and not Rs. 368-11-0 as alleged by them) and have withheld that for the year 1899-1900. They have also been forging the full Jodi on their village. They now

GOVERNMENT OF HIS HIGHNESS

Rs.

requests

request (1) that the proportionate Jodi paid by them on the submerged lands may be refunded to them, (2) that compensation at the rate of Rs. 103-1-[illegible] per year may be paid to them for the loss of crops sustained by them for six years from 1889-90 to 1894-95 and (3) that the assessment paid by them from 1895-96 to 1898-99 for the lands temporarily given may be refunded.

2- In submitting the case for the orders of Government, the Revenue Commissioner raises the following questions for solution:—

(1) How should the extent of lands granted in exchange be treated — whether as part of the Jodi Pura village or as a minor inam included in the Government village of Baragoor.

(2) Whether it was the intention of Government to grant the lands in exchange as inam and whether any Kaser Jodi has to be levied on them

(3) What compensation should be paid to the petitioners for the period previous to the grant of lands in exchange, for the loss of crops sustained by them.

3. It is observed from the correspondence on

the subject that the intention of Government was to grant the lands in exchange as inam; and there is no reason to entertain any doubt on this point, considering the fact that in lieu of an extent of 22 acres and 10 guntas of wet land, the proportionate jodi, and not the assessment as stated in the Revenue Commissioner's letter referred to above, on which comes to about Rs. 16/-), Government granted an extent of 13 acres and 14 guntas of wet land assessed at Rs. 86-8-0.

4. The lands granted in exchange do not adjoin the Jodi Pura village, to admit of their being added on to, and considered as forming part of, the said village. They will, therefore, be treated as minor inam included in the Government village of Baragur.

5. As the Jodidars have been paying the full jodi on their village, notwithstanding the submersion of a portion thereof, Government think that they are entitled to a refund of the proportionate jodi amount paid by them on account of the submerged lands till 1895-96 i.e. for six years.

It is also equitable that a reasonable compensation

Sd/-

should be paid to them for the loss of crops sustained by them during the said period. The assessment paid by them in subsequent years on account of the lands held by them temporarily previous to the grant of land in exchange for the submerged lands will also have to be refunded to them in lieu of compensation for the loss of crops.

6. The Revenue Commissioner is requested to report whether the amount of compensation claimed by the Joodars for the loss of crops, at the rate of Rs. 103-1-0 a year, is reasonable and to submit for the orders of Government a bill for the total amount to be paid to them in the light of the above observations. The proportionate jodi on the submerged lands will be fixed by the Superintendent of Arain Settlements, who is requested to intimate the same to the Revenue Commissioner.

7. The proportionate jodi fixed as above will be deducted from the jodi leviable on the Para village. The land given in exchange being of a much smaller extent than that has been submerged in the Jodi village, no jodi need be imposed on the new

minor

Inam lands given to the Jodidars.

on .....

(1)

Subject: Re-Councillor.

The case of a minor Luan is different from that of a Queen Island or a Jodi or Luan Village. The grant of a substitute for the former does not seem to be open to the same objections as the grant of a land in a Luan Village. The latter can be a Jodi Village. The course prescribed upon by Govt in 1880, seems preferable.

16/3/96
submitted for orders.
Out of the 22 acres & 10 guntas land attached to the Jodi Village submerged by the improvement of the Lakkur Tank, the Commr proposes to assign 16 acres & 1 gunta of land in a private Govt Village of Baragur. This recommendation is opposed to the principle laid down in the late Chief Commr's No 4414 of 18th Nov/80, & the present case the Inamdars unwilling to accept the money compensation, they must clearly told that nothing more than a money compensation for the resumed of the land & deduction from the Jodi on account the Jodidar's right to the revenue on it can be allowed. May Dr Commr be informed accordingly.
